

Tirage au sort Fifi Mandirac

The image shows a screenshot of a 'True Random Number Generator' interface. The title bar is purple and contains the text 'True Random Number Generator'. Below the title, there are two input fields: 'Min:' with the value '2' and 'Max:' with the value '148'. A 'Generate' button is positioned below these fields. The 'Result:' section shows the number '111' in a purple box. To the right of the generator interface, there are two vertical bars: a grey one on the left and a light blue one on the right. The number '111' is displayed in the grey bar, and the name 'Julie' is displayed in the light blue bar. At the bottom of the generator interface, it says 'Powered by RANDOM.ORG'.

Chouette livre ! J'aime les jolis papiers comme ceux de fifi pour réaliser des origamis, que j'utilise partout : déco des murs, table, mobiles...
